INSIDE THE PRODUCT

NAFEI Bubble Cotton sanitary pads and pantyliners feature a double-layer, pearl-textured topsheet and a meltblown adhesive-free absorbent core. Through-air-bonded hydrophobic side barriers help reduce side leakage. A breathable PE backsheet and individual silicone-coated PE wrappers complete the construction. The range includes 155 mm pantyliners and 180, 240, 290, 350 and 420 mm pads in existing Chinese retail packaging.
